

## **The Fifty States, Puerto Rico & Canada from our Point of View!**

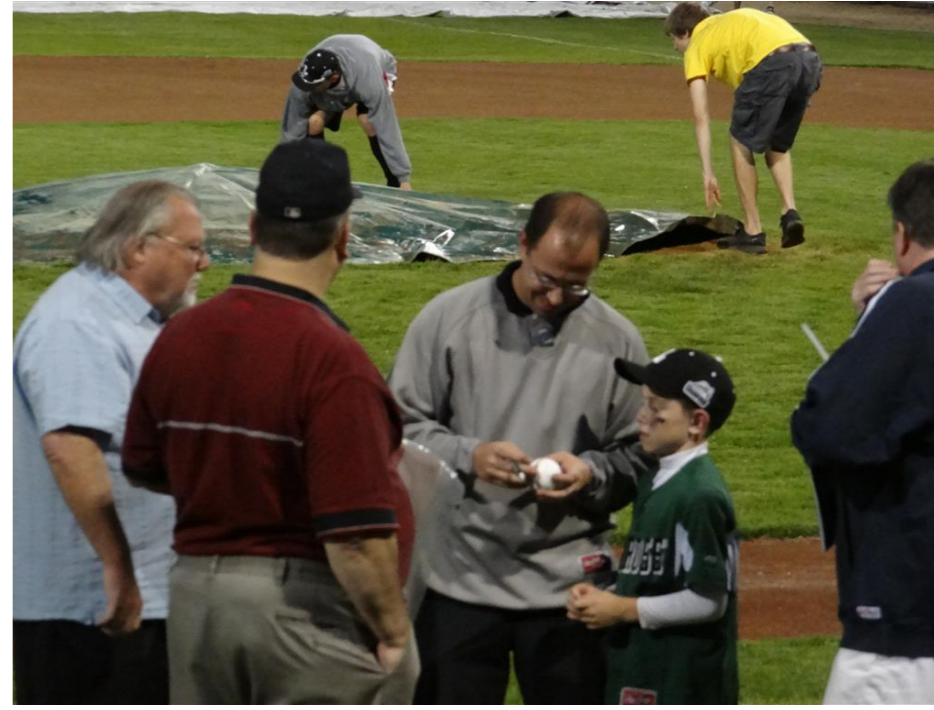

Linda & John Flakes Volume 3

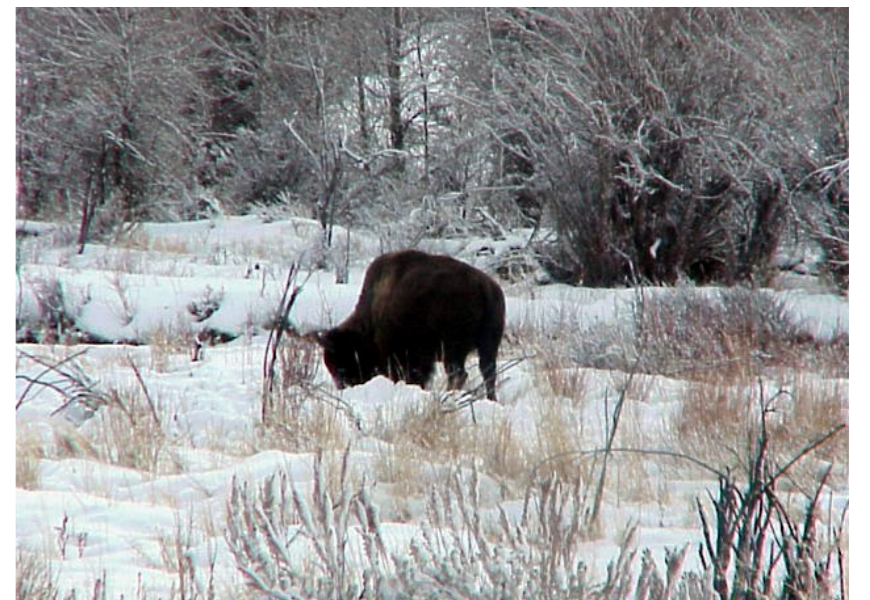

**Wisconsin  
A Land of Cheese, The Dells, Baseball & Our Lady of Good Help**

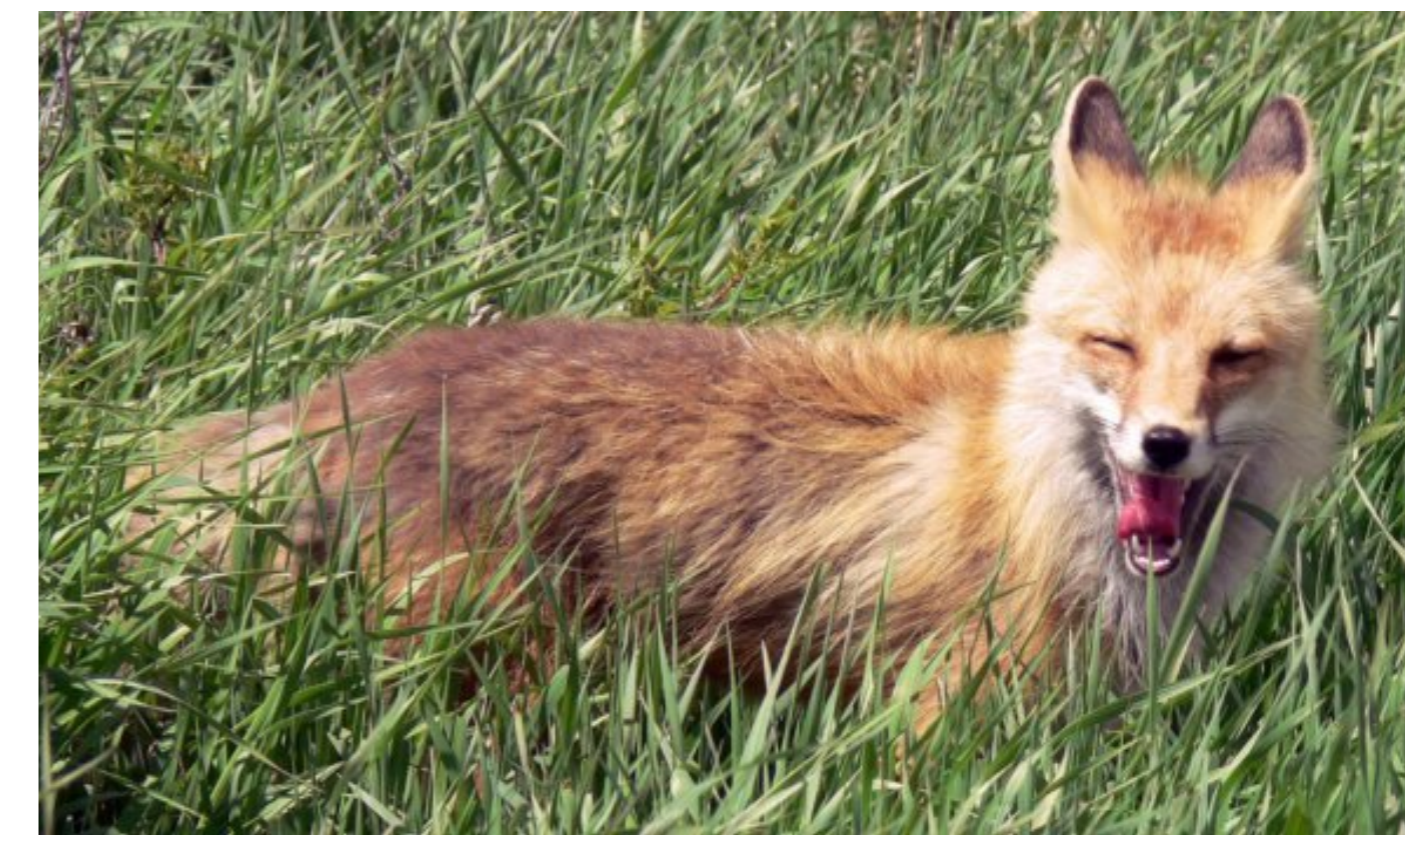

**Wyoming**  
**More to come in our Yellowstone Pictures**  
**Lots of wonderful & beautiful things, memories in Wyoming!**

**Yellowstone National Park & The Grand Teton National Park**  
Our most favorite place to visit & we have visited so many times including before the Great Fire and almost every year since. We have taken children & grand children to see & experience the greatest cathedral of all! Those who choose not to take the time to visit the Tetons almost miss the completeness of this amazing place.

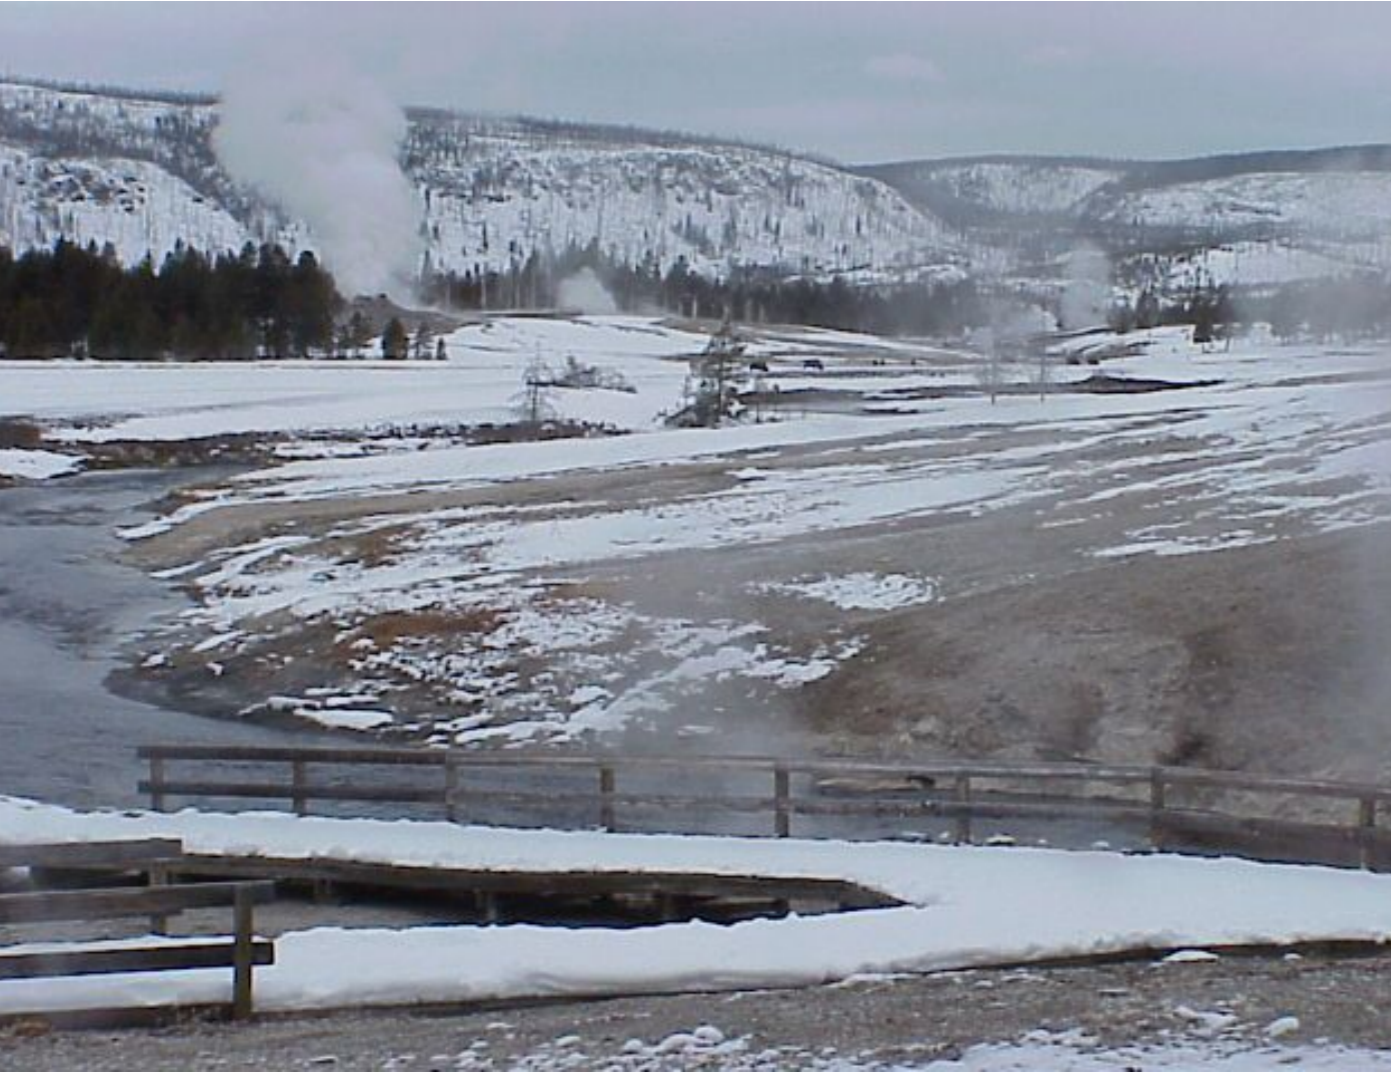

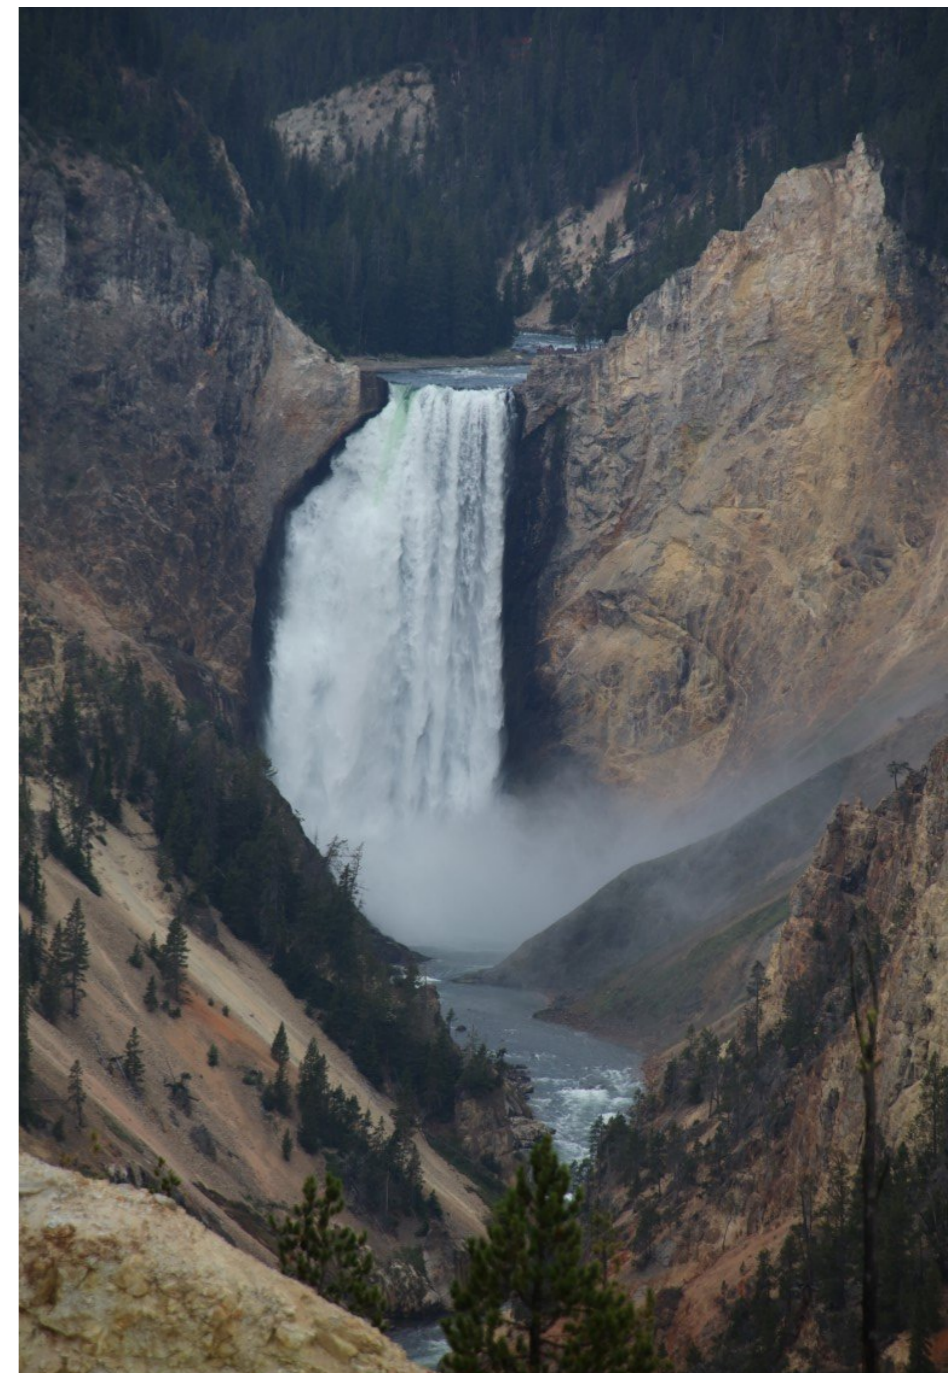

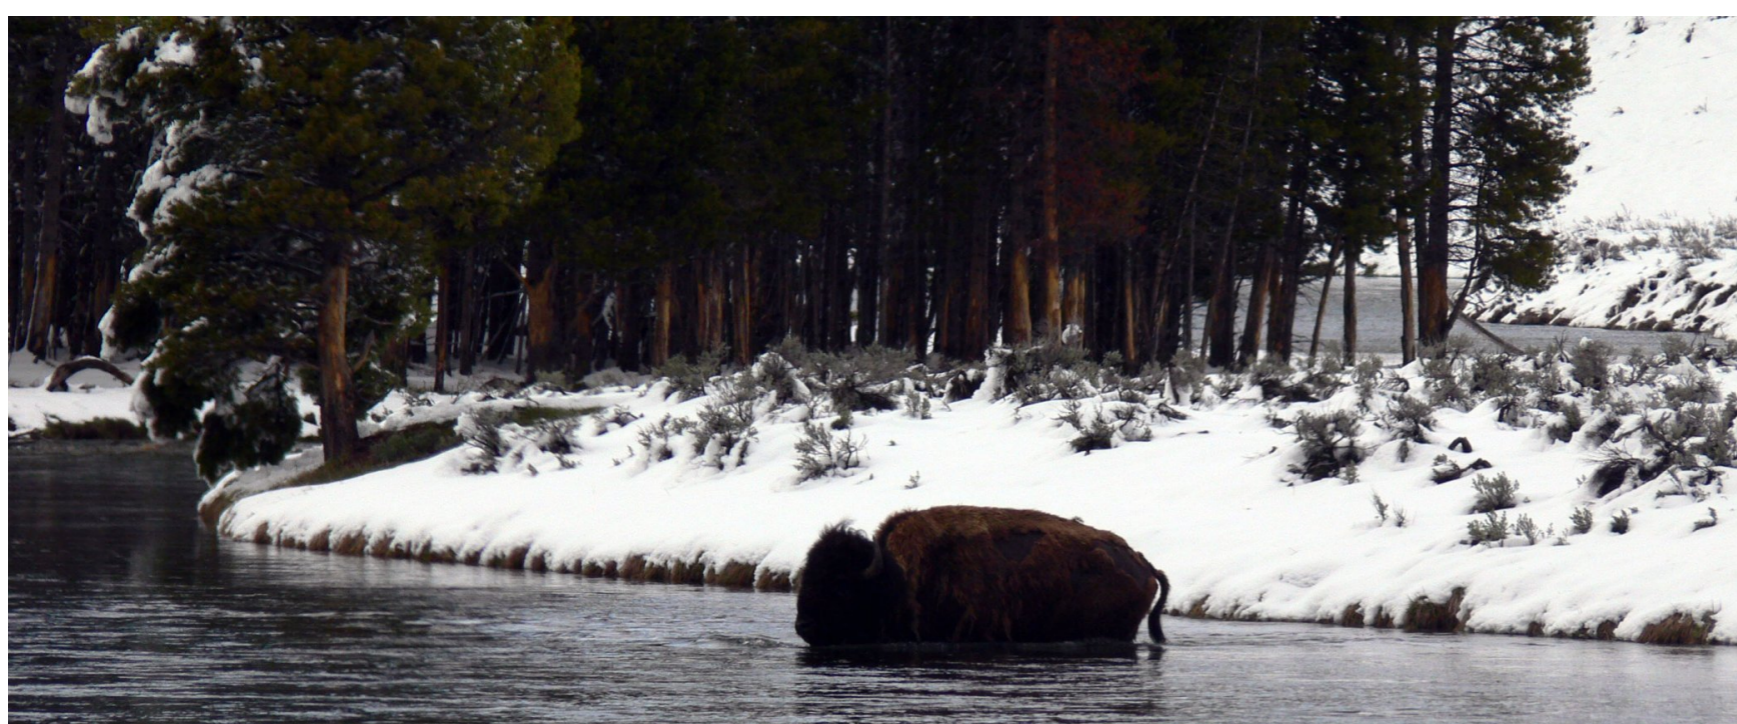

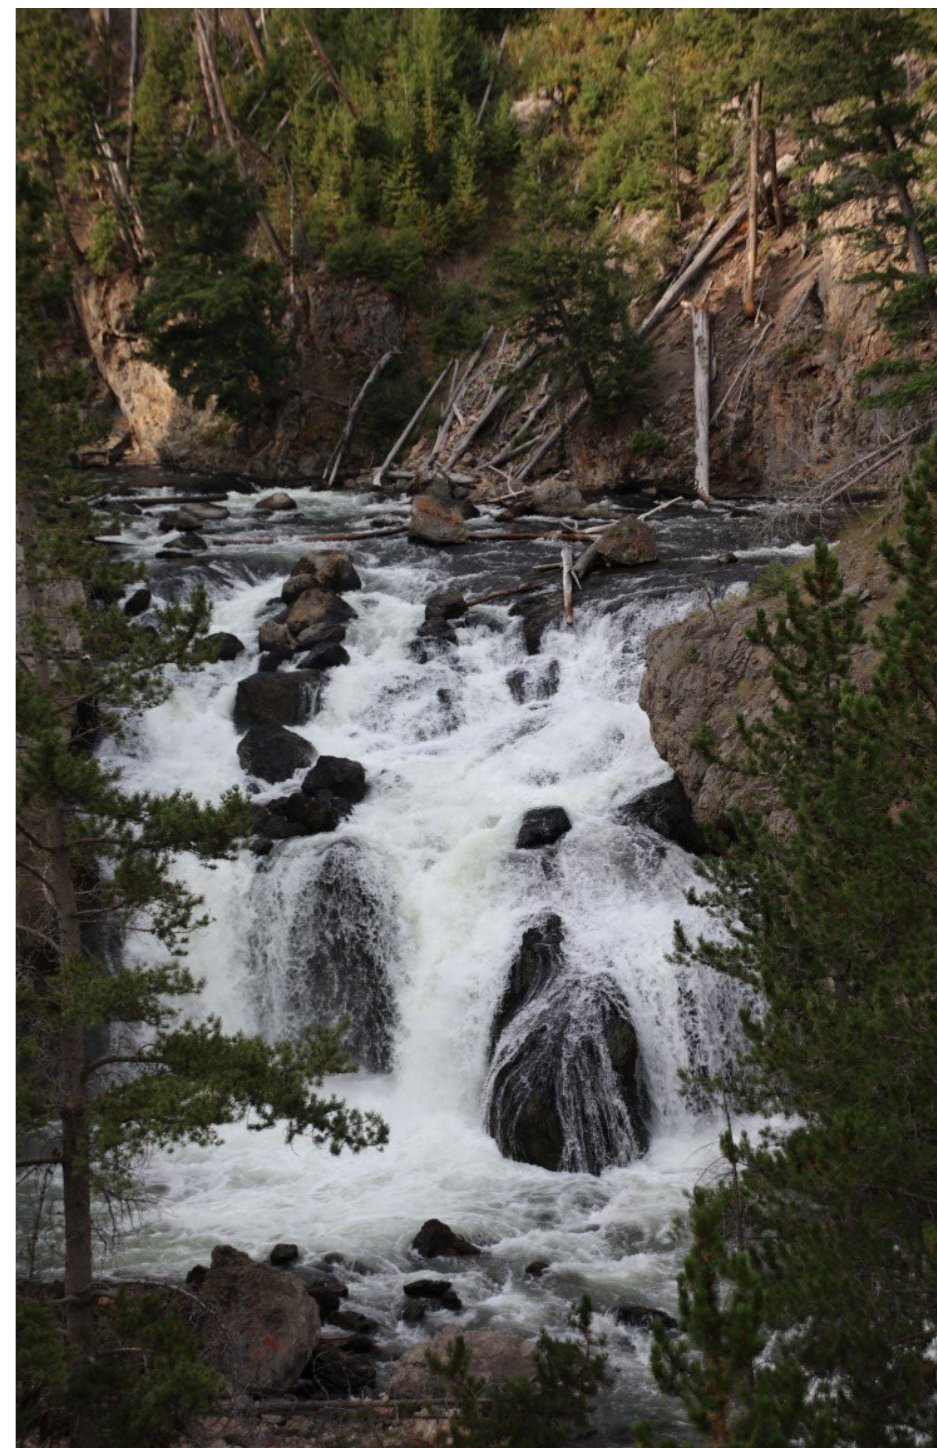

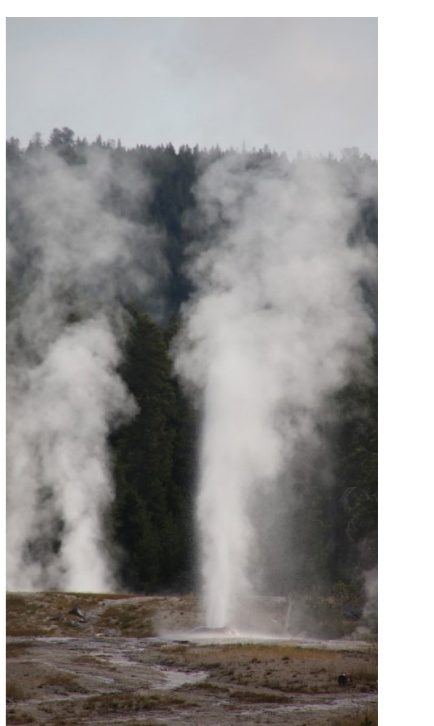

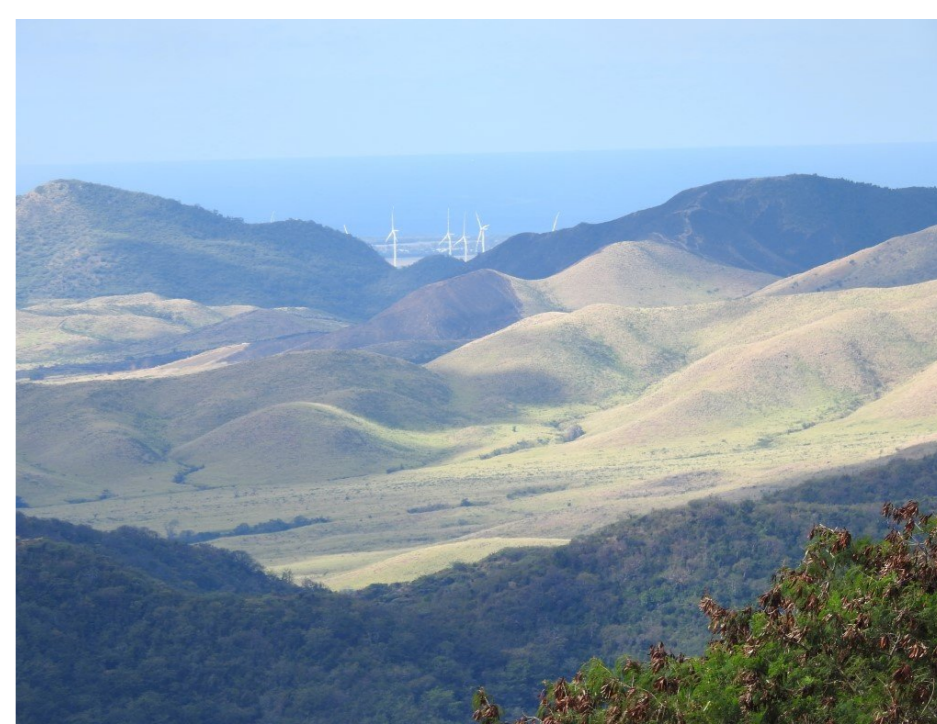

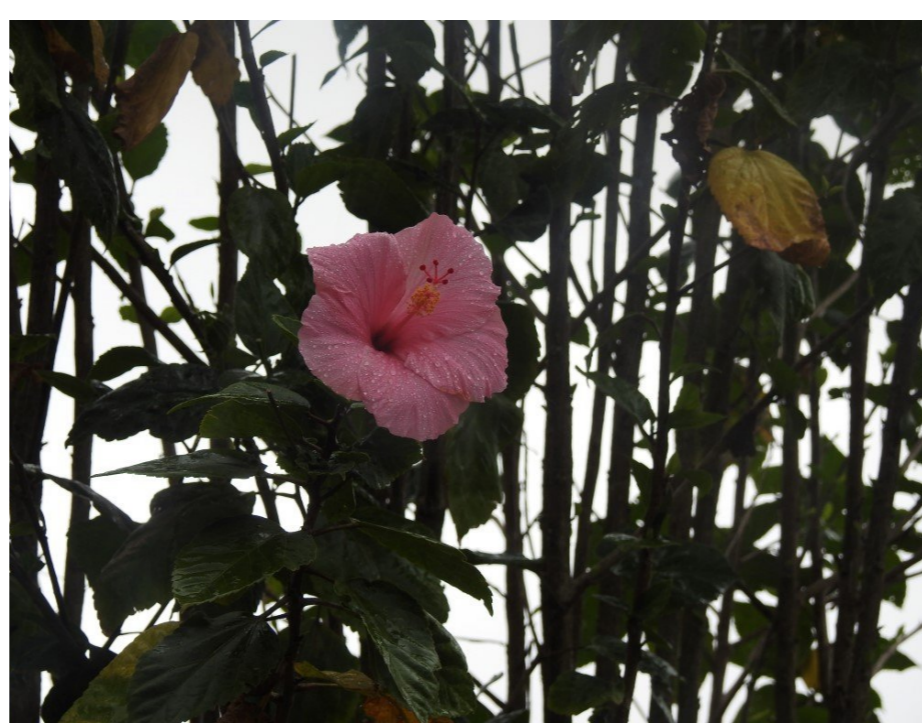

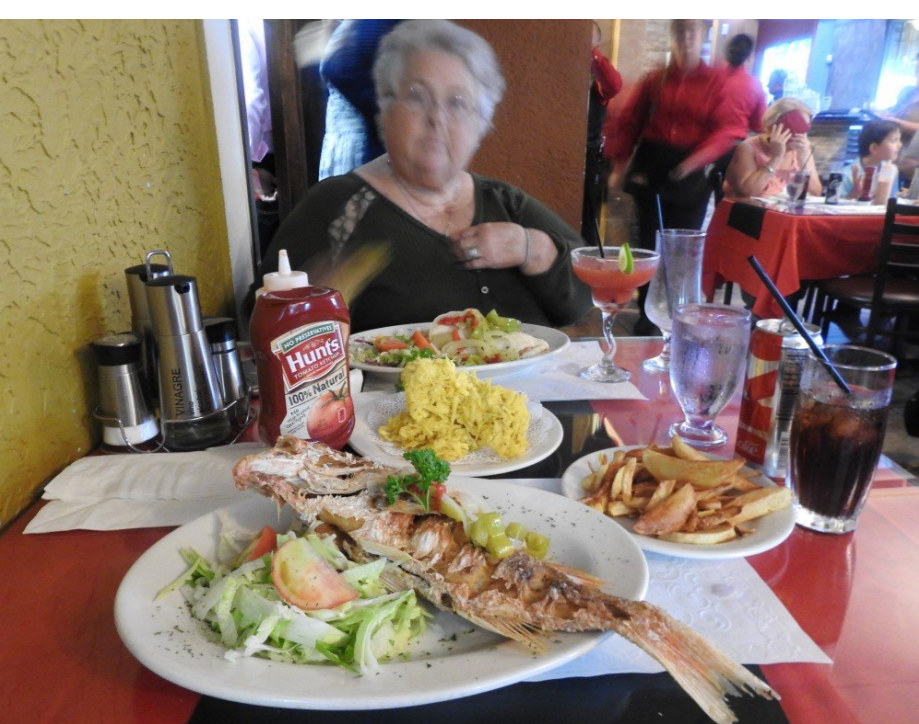

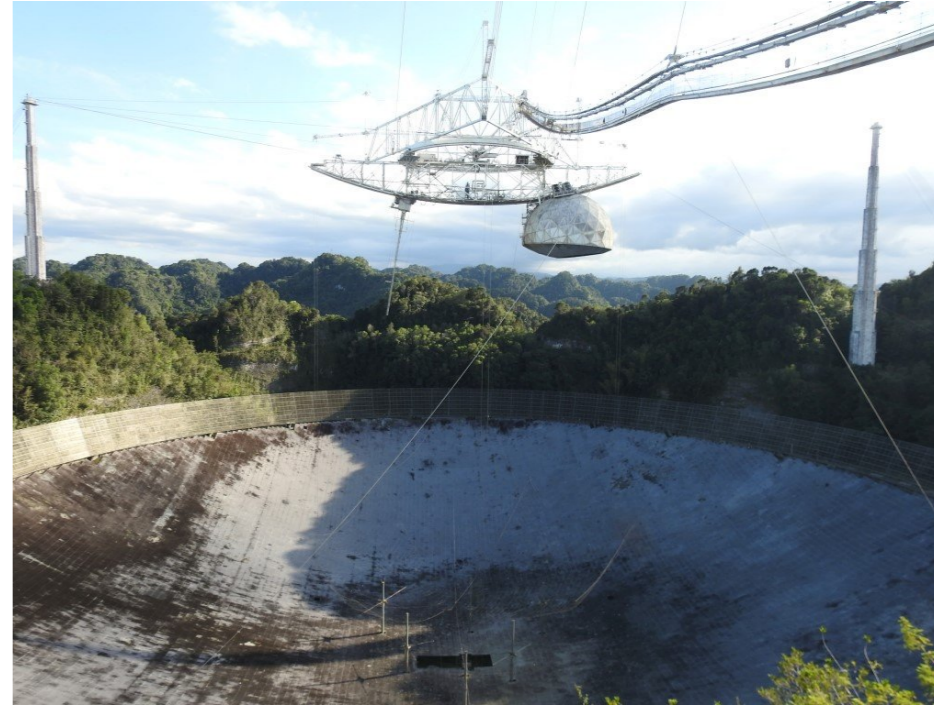

**Puerto Rico**  
**Millions of People on a small island! Very pretty yet so populated.**  
**Glad we visited.**

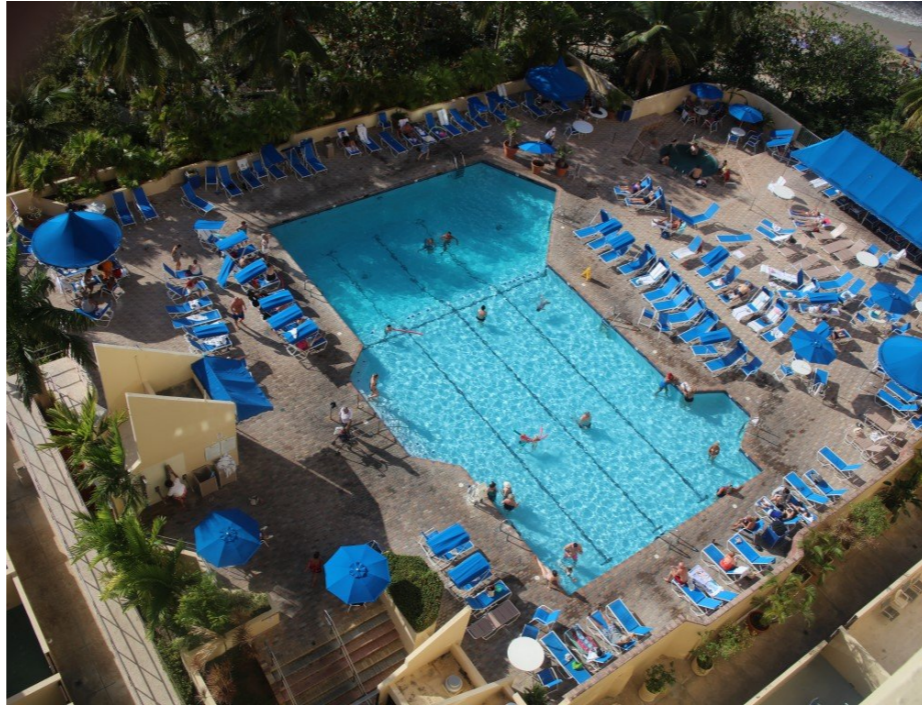

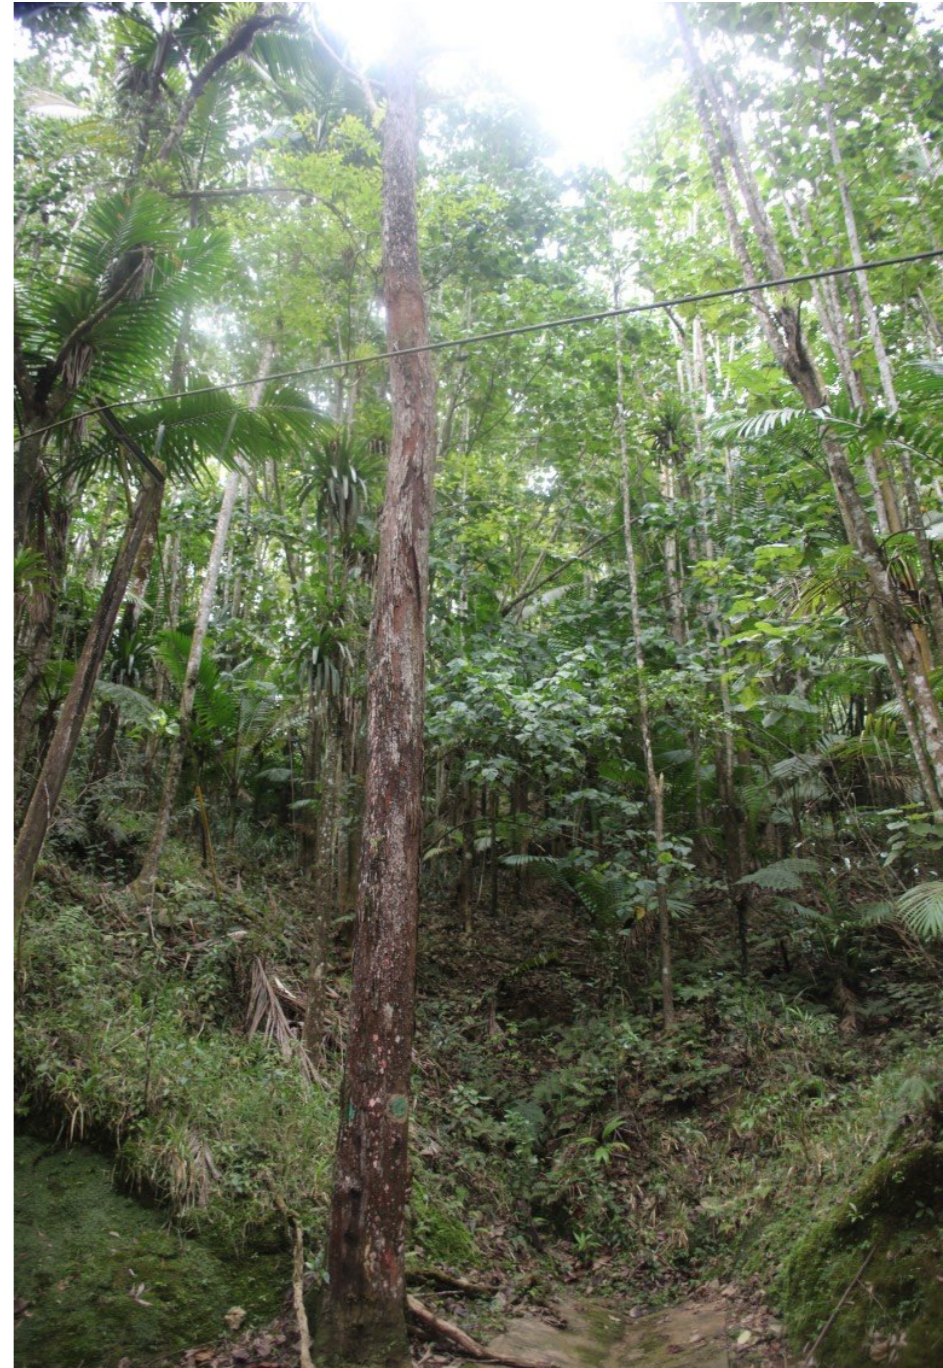

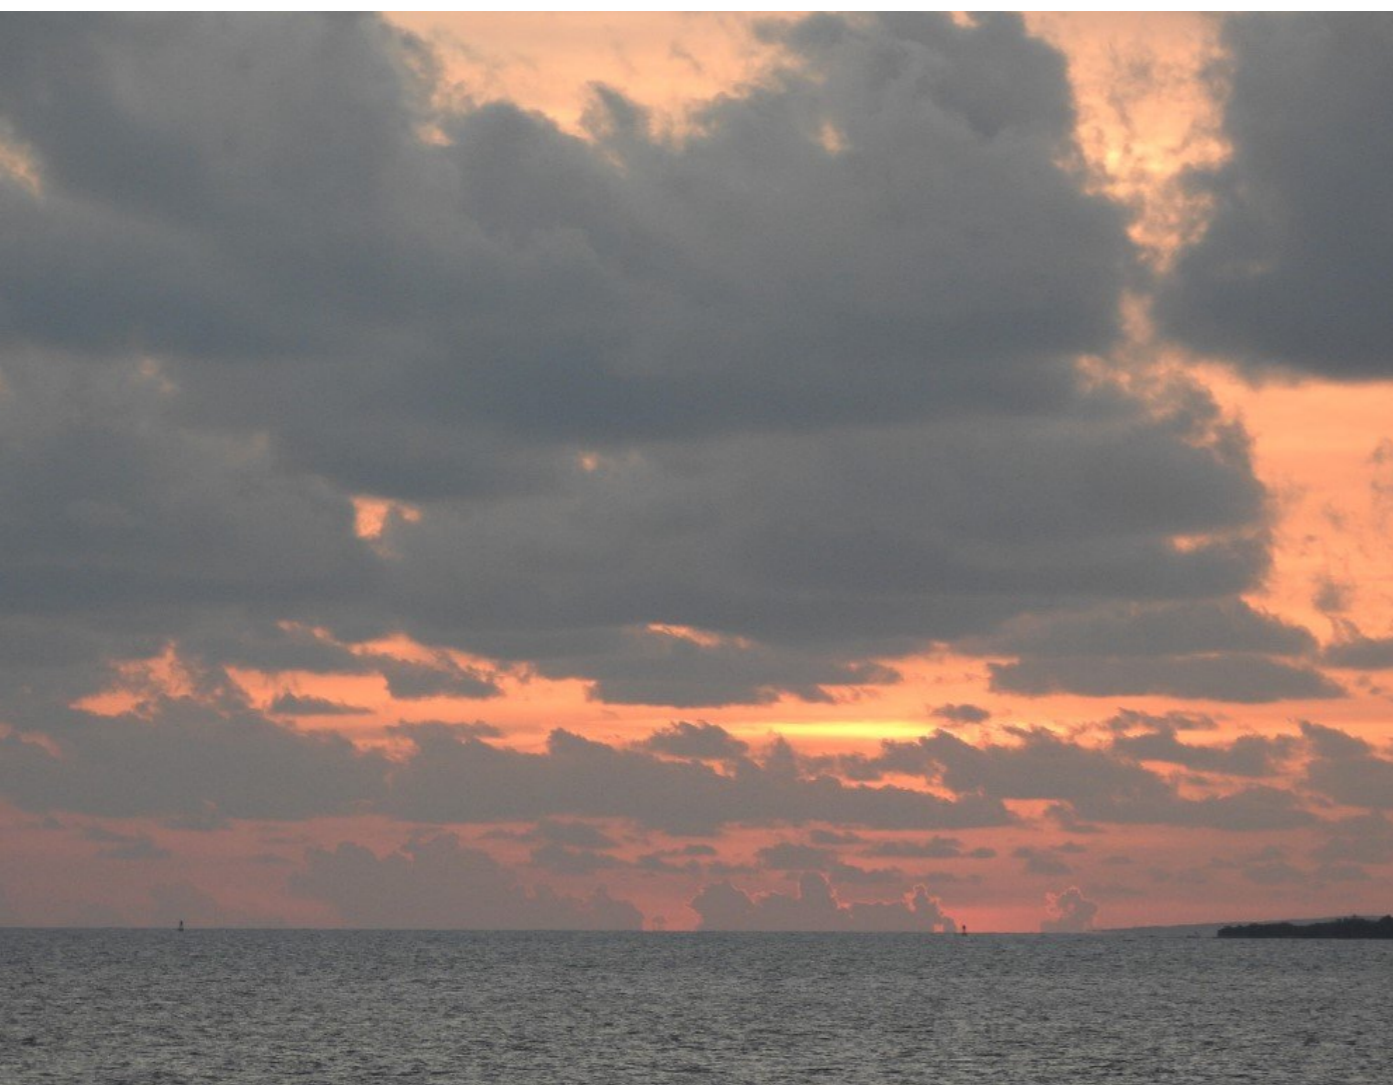

**Canada - Such a vast & beautiful country. The flattest of farm lands to the most incredible mountain & glaciers. So cold you can not imagine & then it can get very warm.**
